

All-Weather's Guide to Choosing the Right Siding for Your Home

Siding. You know know it's important to have. But with so many options in the market, how do you decide which one is right for your home? There are so many pros and cons, and many contractors have an ulterior motive, so their advice can be misleading. Don't worry, though. All-Weather Window, Doors & Siding has your back. We carry three of the industry's leading siding manufacturers' products. Here at All-Weather, our focus is on providing Kansas City

homeowners, like you, with top quality products that perform under the most dire circumstances. Here's a rundown of our top three siding products, and how they measure up to one another. We hope this helps you get a better idea of the right siding for your home.

Energy Savings Under One Umbrella

Diamond Kote Pre-Finished Siding

Style:

- This pre-finishing can be applied with your LP Smartside Siding for a custom look that won't fade.
- Vibrant colors are designed to be low maintenance, and withstand heat, moisture, wind and grime. No re-painting over failing, chipping siding.

Technology:

- One of the most durable lap siding pre-finishing options on the market today
- Manufactured with proprietary SmartGuard® process to help prevent fungal decay and termite damage

Warranties:

- Finish backed by Diamond Kote 15/30-Year No Fade Warranty.
- Substrate backed by LP® SmartSide® 5/50-Year Limited Warranty

LP SmartSide Trim and Siding

Style:

- Available in three standard widths similar to traditional 6", 8" and 12" widths, and in 16' length for faster installation and fewer seams
- Pick from a selection of 20 eye-catching basic colors, trim and accents.
- Gives your home the warm, natural beauty of real cedar without the worries.
- Silica-free strand substrate works and cuts like traditional wood, no special tools or gear needed.

Technology:

- Uniform in density and consistency, siding is made with a proprietary SmartGuard® manufacturing process to protect against fungal decay and termites.
- Made of engineered wood substrate, a renewable resource with a reduced environmental impact

Warranties:

- Backed by a 5/50-Year Limited Warranty.
- Take advantage of Energy Tax benefits.
- 5-year 100% labor and replacement on LP SmartSide trim and siding
- 50-year prorated limited warranty on LP SmartSide trim and siding substrate

Alside Vinyl Siding

Style:

- Because fade resistant color goes clear through the panel, it never needs to be scraped, stained or painted
- Pick from several siding designs and colors.

Technology:

- Get the beautiful appearance of wood without the costly, time-consuming upkeep.
- Alside premium vinyl siding won't split, peel or rot.
- Industry-leading 1½" thick insulation (nominal) wraps your home in a blanket of insulation to help reduce utility costs year round and provide a warm and inviting living space.
- Up to five times the impact resistance of traditional siding.
- Exclusive TriBeam® construction delivers

Warranties:

- Your investment in Alside Siding and Accessories is backed by Lifetime Limited Transferable Warranties.

See Your Siding Before You Install

Once you set your heart on a siding option for your Kansas City home, call All-Weather to help you visualize it. Come into one of our two Kansas City area showrooms to see siding samples and color options in person. We have all of our siding products on display to help you make a more informed decision. We can also bring samples out to your home so you can better visualize your new siding.
